Alan Driver Travel Consultancy

Alan Driver has been our Travel Specialist since our early days as Tula Bags and later Tula Bags PLC. He has looked after our travel requirements for our journeys all over the world. Our manufacturing site visits, designer fashion research and leisure holiday requirements. Alan has been our travel resource for over 15 years throughout our growth and changes; he is always thorough and effective in meeting today's challenges. We wouldn't hesitate in recommending his Business and Leisure Travel Consultancy.

Dear Alan

I am writing to express my sincere thanks for the way you took care of the travel arrangements for the recent Nile Cruise my sister and I went on in October.

I am a very busy person and my sister lives in Australia in a different time zone so the challenge of matching our wishes with the best holiday possible was one you rose to with relish. I decided not to try and organise this myself as a Nile Cruise was a long held dream - with the myriad of choices on the Internet I didn't have a clue where to start which is why I consulted you, the expert.

From start to finish you made everything seem so effortless, you gave us sound advice and coached us through every little detail. Having been a travel agent myself many years ago I would have aspired to have given the level of service that you gave both of us, nothing was overlooked and the end result was that we had the most wonderful time and experience in Egypt.

I will recommend you in the most glowing terms to anyone I know who wants to have a holiday organised perfectly, you saved us time and ensured that we had the trip of a lifetime, certainly turning our dreams into reality.

Warm regards

Alan Driver organised our holiday to Norway on a fly drive basis for 10 days in August 2010 –no kids, no dog, and only us.

He was patient with us whilst we changed our minds several times ,explaining the pros and cons, and giving us value for money choices.

Having returned from holiday a few days ago I can say this was one of the greatest holiday we have had. Everything was well organised, the places spaced apart ,the right combination of rest, mountain walking ,great food, wonderful views and great hotels throughout. Breathtaking scenery in comfort- glaciers, mountains, rivers ,waterfalls ,fishing, plenty of japanese tourists – what more?

Although Norway is expensive, I felt we had great value for money and an excellent holiday. Although Alan is a fairly modest fellow and not a natural extrovert , as a travel agent with years of knowledge he is simply superb at the detail and eradicating risk, and understand the game and I have no doubt about recommending him to anyone for business or personal travel.

Well done Alan and 2001 Travel

Dear Alan,

I am writing to extend my gratitude for the service we received from you recently while my family and I were stranded in Dubai due to the volcanic ash. The information and advice we received from you was second to none and was far superior to that received from the airlines and other travel agents. In the 10 years that I have been running my company and the high volume of travel involved I can't say that we've ever received service as timely, thorough and professional as what we received from you.

We will definitely be using your services for both our personal and business travel in the future and we would highly recommend your company to anyone looking for professional travel advice.

I look forward to working with you again in the future.

Yours sincerely,

Geoff
